ARTIFICIAL TURF

CEDAR LT

Lighter Blade. Lowest Price. Same Cedar DNA. Premium Grass Blades Cedar LT is the 2025 edition of our Cedar line, built with a lighter blade for a softer, more relaxed profile at our lowest price point. **Soft Feel. Honest Value.** Cedar LT delivers the same natural tone blend and reliable construction Cedar is known for, with a lighter face weight that keeps the cost down without giving up curb appeal. **Built for Everyday Use.** From garden paths and patios to decks and RV pads, Cedar LT handles regular foot traffic while keeping a fresh, natural look with minimal upkeep. Ideal applications include light to medium-traffic areas, general-use landscaping, sidewalk boulevards, and rooftop gardens. **Clearance: Sold Without Warranty.** Cedar LT is last year's stock, offered at a clearance price and sold without warranty coverage, while supplies last. Our 15-year product warranty applies to our current lines, including Cedar.

SOFT GRASS 33

Lightweight. Low Fuss. Budget Friendly.

Premium Grass Blades Soft Grass is the smart, no-frills turf solution for light-use areas, weekend getaways, and budget-conscious projects. Easy to handle, install, and enjoy, it brings practical beauty to any outdoor space—without the price or the maintenance.

Effortless to Work With.

Soft Grass features a lightweight construction that makes transport, trimming, and DIY installs a breeze—perfect for RV decks, pop-up patios, or quick-fix landscaping jobs.

Natural Look. Low Commitment.

Despite its lighter build, Soft Grass maintains a realistic turf appearance, making it a solid choice when aesthetics matter, but heavy-duty performance isn't required.

Smart Value. Versatile Use.

From gardens and decks to mobile installations, this turf holds up in low-traffic areas and offers a cost-effective way to green up your space with minimal maintenance and maximum flexibility.

Soft Grass is the ideal choice for recreational applications and general light-use areas where aesthetics are important but high maintenance is not desirable.

EVERGLADES

Thick. Plush. Unmistakably Premium.

Premium Grass Blades Everglades is the turf of choice when you want maximum softness without sacrificing strength. With unmatched blade density and a rich, natural colour blend, it transforms outdoor areas into lush, high-end environments built to last.

Unrivalled Thickness. Natural Appeal.

At 2.05 inches, Everglades offers one of the tallest and densest blade profiles in the industry—delivering a deep, full-bodied lawn feel that looks as real as it feels.

Soft Enough to Lounge On. Strong Enough to Walk On.

Its high stitch rate and generous blade volume provide plush comfort for barefoot relaxation, while the reinforced construction ensures long-term performance in active spaces.

Premium by Design. Signature by Nature.

Crafted with high-end yarn and backed by heavy-duty PU, Everglades is a Signature Turf for good reason—luxurious, resilient, and made to impress in any landscape.

Everglades is ideal for high-traffic areas, playgrounds, daycares, poolside surroundings, rooftop, gardens, general backyard and front yard use, and other surface installations where both comfort and durability are essential.

Specifications

FOREST GREEN ELITE

Naturally Bold. Family Ready.

Premium Grass Blades Forest Green combines rugged blade structure with a soft, natural look to create a turf that feels at home in any setting. From busy yards to serene spaces, Forest Green delivers year-round beauty with a surface built for everyday living.

Dense Blades. Cool Comfort.

At 1.85 inches, Forest Green’s uneven W-shaped blades provide upright texture and help reduce heat retention, keeping the surface cooler and more comfortable—even on hot summer days.

Soft Thatch. Serious Support.

With a high stitch rate and thick thatch, this turf cushions every step, making it perfect for barefoot lounging, playtime, or weekend relaxation with the whole family.

Color-Rich. Landscape Ready.

A realistic blend of olive, lawn, and forest green hues gives Forest Green a vibrant, freshly grown appearance, making it a flexible choice for everything from residential installs to design-forward outdoor builds.

Forest Green is ideal for high traffic areas, general-use landscaping, rooftop gardens, decks, sidewalk boulevards, and children’s play areas.

Specifications

Blade Height:	46 mm / 1.85 inch
Blade Colour:	Forest & Olive Green
Density Stitch Rate:	High

EVERGREEN

Built for Everything. Ready for Anywhere.

Premium Grass Blades Evergreen is the ultimate go-to turf for versatile landscaping projects. With a lush, organic look and pet-friendly features, it's a favourite among homeowners, contractors, and developers who want beauty, durability, and year-round performance.

Natural Look. Broad Appeal.

With a 1.58-inch blade height and a rich blend of Dark & Yellow Green, Evergreen creates a full, real-grass aesthetic suited for any outdoor space—from family yards to multi-unit developments.

Contractor-Favorite. Pet-Approved.

Evergreen's moderate density and clean blade separation provide lush coverage with excellent drainage and durability, making it ideal for pets, high-use areas, and easy cleanups.

Tough Enough for the Seasons.

Backed with a dual-layer solid foundation, Evergreen is engineered to hold its form through Canadian winters and shifting weather. It's low maintenance, high value, and built for the long haul.

Evergreen is ideal for moderate to heavy traffic areas, general use landscaping, playgrounds, daycares, sidewalk boulevards, living walls, and rooftop gardens.

Specifications

Blade Height:	40 mm / 1.58 Inch
Blade Colour:	Dark & Yellow Green
Density Stitch Rate:	Medium

LUSH

Deep Comfort. Bold Presence.

Premium Grass Blades Lush sets the standard for plush, luxurious artificial turf. With ultra-high pile and full-bodied density, it's made for outdoor spaces where comfort matters just as much as curb appeal.

Big Blades. Bigger Impact.

At 1.97 inches tall, Lush boasts one of our tallest blade profiles, creating a thick, cushion-rich surface that looks and feels like a freshly watered, natural lawn—ideal for high-visibility installs.

Soft as It Gets. Tough Where It Counts.

Its tight stitch rate and four-tone green blend deliver both realism and resilience. Lush stays soft underfoot, yet bounces back from family play, lounging, and everyday wear.

For Spaces That Invite Interaction.

Whether it's a backyard hangout, a child-safe play zone, or a premium landscape project, Lush is designed to be seen, touched, and thoroughly enjoyed—the most comfortable turf your feet will ever meet.

Lush is ideal for backyards, poolsides, high-end landscaping, areas where comfort is a priority, and any outdoor space where a soft, natural-looking surface is desired.

Specifications

Blade Height:	50mm / 1.97 inch
Blade Colour:	Bi-Colour Dark Green
Density Stitch Rate:	Medium
Face Weight:	66 oz / sq yd
Total Weight:	92 oz / sq yd
Primary Backing:	Double Polypropylene
Backing Coating:	Polyurethane (PU)

CEDAR

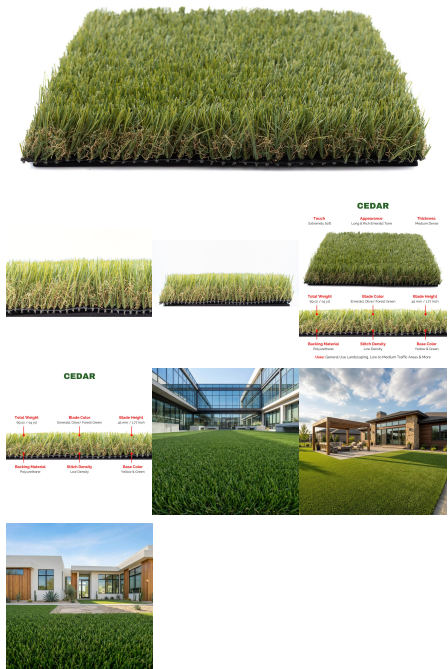

Lush Looks Without the Luxury Price Tag

Premium Grass Blades Cedar delivers the natural beauty of a high-end lawn at a price that makes sense. Blending soft comfort with durable construction, it's the ideal surface for families, budget-savvy homeowners, and everyday outdoor living.

Plush Feel. Natural Appeal. With a 1.77-inch blade height, Cedar offers dense, inviting coverage and a soft underfoot feel—perfect for barefoot play, lounging, or pet-friendly spaces.

Tone-Rich Colour. Budget-Smart Value. A vibrant blend of emerald, olive, and forest green blades gives Cedar its realistic appearance, while offering a cost-effective alternative to premium turfs without sacrificing curb appeal.

Built for Everyday Versatility. From garden paths and patios to decks and RV pads, Cedar handles daily wear while maintaining a fresh, natural look—all with minimal upkeep and maximum comfort. Ideal applications include medium-traffic areas, general-use landscaping, playgrounds, daycares, sidewalk boulevards, & rooftop gardens.

WESTCOAST HEMLOCK

Clean Lines. Serious Strength.

Premium Grass Blades Westcoast Hemlock delivers the crisp, tidy look of a freshly mowed lawn with the rugged durability pet owners and high-traffic areas demand. It’s the turf of choice for those who want structure, strength, and easy upkeep—all wrapped in natural beauty.

Trimmed Look. Natural Tone.

At 1.30 inches, Hemlock’s low pile height and dense stitching give it a manicured, just-cut finish that looks polished and stays neat—even after active use.

Pet Tough. Kid Safe.

Built to handle large dogs, playground traffic, and repeated use, Hemlock’s fast-draining design keeps surfaces dry, clean, and odour-resistant—making it a favourite for dog runs and family yards.

Low Maintenance. High Impact.

With its rich forest tones and sturdy build, Westcoast Hemlock blends

seamlessly into any landscape while delivering reliable performance with minimal upkeep.

Hemlock is ideal for moderate to heavy traffic areas, general-use landscaping, playgrounds, dog runs, daycares, sidewalk boulevards, and rooftop gardens.

JUNIPER

Bold Blades. Built to Last.

Premium Grass Blades Juniper is where lush aesthetics meet rugged durability. With its distinct W-blade design and rich, refreshing colour palette, Juniper delivers long-lasting beauty for spaces that see real traffic—from busy backyards to commercial landscapes.

Fresh Look. Strong Roots.

At 1.85 inches in height, Juniper’s W-shaped blades create a full, upright stance that mimics freshly growing grass, while its emerald and lime tones offer a vibrant, sunlit finish.

Durability You Can Count On.

Engineered for high-traffic performance, Juniper resists matting and wear, making it ideal for family lawns, parks, or shared-use areas that demand visual appeal and staying power.

DIY Friendly. Contractor Approved.

Easy to install and built for Canadian climates, Juniper’s construction makes it a reliable choice for both homeowners and professional landscapers looking for a resilient, beautiful finish.

Juniper is ideal for high-traffic areas, general-use landscaping, playgrounds, daycares, sidewalk boulevards, and rooftop gardens
