ARTIFICIAL TURF

LUSH

Deep Comfort. Bold Presence.

Premium Grass Blades Lush sets the standard for plush, luxurious artificial turf. With ultra-high pile and full-bodied density, it's made for outdoor spaces where comfort matters just as much as curb appeal.

Big Blades. Bigger Impact.

At 1.97 inches tall, Lush boasts one of our tallest blade profiles, creating a thick, cushion-rich surface that looks and feels like a freshly watered, natural lawn—ideal for high-visibility installs.

Soft as It Gets. Tough Where It Counts.

Its tight stitch rate and four-tone green blend deliver both realism and resilience. Lush stays soft underfoot, yet bounces back from family play, lounging, and everyday wear.

For Spaces That Invite Interaction.

Whether it's a backyard hangout, a child-safe play zone, or a premium landscape project, Lush is designed to be seen, touched, and thoroughly enjoyed—the most comfortable turf your feet will ever meet.

Lush is ideal for backyards, poolsides, high-end landscaping, areas where comfort is a priority, and any outdoor space where a soft, natural-looking surface is desired.
